Issue No. 7

Subject: Young Members Outward Bound/Training Course

Date Issued: 28 April 2006

Amicus Young Members Course : 12-16th June 2006

This course is aimed in particular at new young members up to the age of 27 who have very little knowledge of the trade union movement and politics.

Potential participants should be made aware that there is an outward bound element to this course which will take them from Esher to Wales from Wednesday to Friday (14th-16th) with the Monday and Tuesday being taken up with trade union/political sessions at Esher; I attach a draft programme for information.

If you are 27 or under and are interested in attending this course or if you require any further information then please contact me at the Dundee office.

Yours sincerely
